

**AGREEMENT WITH TOURS  
OPERATORS AND TRAVEL AGENCIES  
WITH **OHAC- GORILLA HEALTH**  
REGARDING OUR SCIENTIFIC  
TOURISM PROGRAM**

The “One Health Approach for Conservation” (OHAC), Gorilla Health project is implemented with the mandate to support the integrated conservation of non-human primates through monitoring, interventions, capacity building, research and raising awareness.

**For our scientific tourism project, we provide for tourist and visitors, a one-hour power point presentation with or without a field experience focusing on our work in conservation and especially on the care of the famous mountain gorilla in the Virunga Massif. The world of science is a part of the whole. You can have really unforgettable science holidays for your tourist. This new product intends to sensitize more wildlife friend on the benefit of conservation for sustainable tourism activities and avail funding for different projects.**

*Tool use for food acquisition in a wild mountain gorilla (Gorilla beringei beringei) observed in May 2013 by Dr. Jean Felix Kinani. Published in the American Journal of Primatology*

We believe that the project will provide contribution to improve the health at the interface of human, animal and their environment. And to the mountain gorilla conservation

Donations are the main source of income for our organization and without donations our long-term future would be in jeopardy.

if you do make a donation to the One Health Approach for Conservation (OHAC) / Gorilla Health, we greatly appreciate it,

Thank you

For any other information please contact the OHAC-Gorilla health organization :

This project is based on two of our nine main OHAC/ Gorilla Health objectives namely:

Advocate for "One Health Approach" and "Conservation" awareness programs

Capacity Building and continuous professional development training for veterinarians, para-medical personal, park staff, tourist agency guides and visitors

## GUIDELINES

1. We offer a one-hour PowerPoint presentation either at our office or at a location of your choice, tailored to your preferences. A minimum donation of 500 USD is appreciated for a client or a group of up to 8 tourists. For groups ranging from 9 to 16 persons, a donation of 1000 USD is kindly requested. For parties exceeding 17 tourists, a donation of 1500 USD is suggested.

2. We also offer a comprehensive package that includes a PowerPoint presentation and a scheduled Mountain Gorilla Trekking experience arranged by your tour operator. It's important to note that our expert will accompany the client during the standard mountain gorilla visit, which typically consists of eight people per gorilla group. This protocol was established years ago to ensure adherence to our standards. For this complete package, our organization receives a donation of 2000 USD.

3. Arrangements with the client is made at least 5 days before any appointment with the support of Tour operators.

4. Field visit can be organized in other National parks for different wildlife animal. And on different OHAC/ Gorilla health activities.

5. Client or tourist can contact or visit our office for more information and clarification
